## 4 APPLICATION SCENES

### Home and Retail

Keep an eye on everything and everyone you care about.

**FEATURES**

**WI-FI**

Wi-Fi makes connecting incredibly easy

**HD MOBILE PHONE MONITORING**

Up to 1080P live view and playback via Hik-Connect mobile app

**MOTION DETECTION**

With motion detection, movement will trigger an alarm on your viewing device so you don't miss any important events

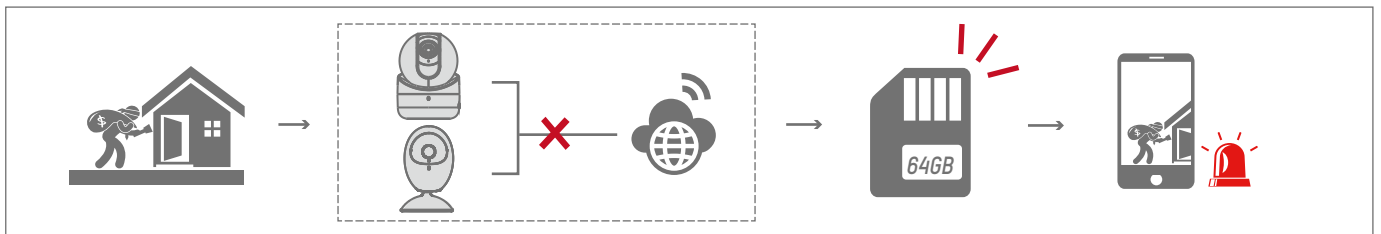

**REAL-TIME TWO-WAY AUDIO**

Real-time, two-way audio between the camera and the mobile app. Talk to your family or employees when you are away.

**ON-BOARD STORAGE**

A memory card can automatically record video triggered by the motion detection function.

**FLEXIBLE ANGLE ADJUSTMENT**

Capture video at the best angle for the scene.
